MT. ABRAM RECORD HOPS DISCONTINUED — FINE SKI CONDITIONS

The Saturday evening Teen Age Dances which have been held the past several weeks at Mt. Abram Ski Slopes, Locke Mills, have been discontinued temporarily at least due to the necessity of alterations at the Ski Lodge.

Due to the Saturday rain the Ski Slopes were not open Sunday, but the surfaces are now in fair to good condition. There are no bare spots yet.

At the record hop Saturday evening the king and queen were Larry Smith and Charlene Swain. Spot dance: Nelson Smith and Pat McMillin. Door prize went to David Schultz.

The Week in Oxford County

Special town meetings will be held in Norway and Paris, March 8. These meetings are authorized by the Maine School District Commission at Augusta. The voters are to decide on the formation of a school administrative district for the two towns.

Gary Giberson, 18, and Diane Fournier, 14, young people of Rumford, will perform on the 40-meter ski jump during the 37th annual Rumford winter carnival, March 4-5.

The Oxford County delegation at Augusta voted to spend \$5,000 more toward construction of the Fryeburg regional airport. David Hastings of Fryeburg reported a bid submitted on the work for \$234,668 was considered excellent. It does not include engineering fees, land acquisition and a contingent fund. The total cost of the airport has been reported \$294,493.

Donald Feeney, 50, of North Conway, N. H., died in a Conway hospital last Thursday night where he was taken following an accident in a sawmill in Fryeburg. He was apparently caught in the saw when clearing away bark.

In conclusion, Fillebrown remarked: "Recent surveys show that, on the average, it costs \$2.12 to produce a bushel of apples. Many times they are sold for less than that. This has led to increased size in commercial orchards in an attempt to compensate for a small margin per bushel with a greater volume of sales."

He also mentioned that Maine orchards are increasing in numbers of acres and trees. Nation-wide there is a general decrease. Part of this is due to the growing conditions we have. Our climate allows us to grow the finest McIntosh apples in the country, and improved storage methods help in keeping apples in excellent condition from September to June.

Reporting for the orchard project, Charles Fillebrown of Waterford, said: "Oxford County orchards produce nearly 200,000 bushels of apples per year on a commercial basis. These same orchards require about \$400,000 worth of labor and materials, making a sizeable contribution to the county's economy."

In the food and nutrition area, Mrs. Hillier said: "Cooking a meal today is comparatively simple with all the easy mixes, etc., on the market. Planning the food budget so the family will be well fed, however, is another matter. Homemakers today, through Extension teachings, learn not only what to buy, but how to select foods that will keep their families in good health."

As a reminder Town Meeting opens at 10:00 A. M., March 6th, at Odeon Hall. On election of the Moderator the business session is adjourned to 8 P. M. The polls will be open for balloting on order of the Moderator shortly after 10:00 A. M. and will remain open until 6:00 P. M.

Explains School Budget AT BETHEL P. T. A. MEETING

The Bethel Parent Teacher Association met at Crescent Park School Feb. 21 with 46 attending.

Mrs. Eypner announced that Mrs. Fred Keeler from the National Chapter of P. T. A. will speak at South Paris, Friday, April 28th, urging everyone to attend. (Watch for further notices.)

Mr. Fliske explained the question box procedure again, explaining that the questions would not be taken out at the same meeting but would be edited and brought up at the following meeting.

At this meeting and from now on at P. T. A. meetings a cup will be available for donations at the refreshment counter for the treasury.

The attendance banner was won by the fourth grade.

Mr. Sahlborg explained the school budget and answered several questions asked by those present.

In honor of Founders Day Pres. Fliske read the P. T. A. objectives.

The meeting adjourned and refreshments were served by the 4th grade mothers.

Next meeting will be Mar. 21, at 8 P. M. at the Wm. Birmingham Gym. Subject: American Education vs. European Education. Guest speaker, Jasper Mardon. Greenwood and Woodstock P. T. A. groups have been invited.

Variety was added to the weather program for the week end when about five inches of snow mixed with rain Friday froze to trees and wires for 24 hours. The rain continuing Saturday afternoon and a while Sunday removed the frozen mixture which threatened much damage and brought streams up and over some roads. Fair weather has prevailed since Sunday until the arrival of an inch or two of snow this Thursday morning.

I am a candidate for the School Board. Your support will be appreciated. Richard E. Thompson

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Each year at town meeting reference is made to certain articles that the money be appropriated from surplus instead of by taxation. The question: What is surplus and how is it accumulated? Surplus is the money left over at the end of the year remaining in the checking account. At the end of December this totaled \$40,806.23 as against \$35,947.12 at the end of 1959. Surplus is accumulated by the difference between the unexpended balances and overdrafts of the various accounts. For example the net unexpended balances amounted to \$23,944.06. The principal amounts that make up this figure are the excise tax on motor vehicles and the overlay, the remainder is the excess of unexpended balances as against the overdrafts. At the town meeting in 1960 \$20,000 was appropriated from the surplus. This year the Budget Committee recommendation is to appropriate \$25,000 from surplus.

Part of the surplus is incumbered which means that unexpended balances in such accounts as truck rental and school maintenance are carried forward to the following year. As an illustration the unexpended balance of these two accounts totaled \$5,477.78 which means that this amount must be kept in the surplus to cover these accounts and cannot be appropriated. It is not practical nor possible to appropriate the last cent of the surplus.

As a reminder Town Meeting opens at 10:00 A. M., March 6th, at Odeon Hall. On election of the Moderator the business session is adjourned to 8 P. M. The polls will be open for balloting on order of the Moderator shortly after 10:00 A. M. and will remain open until 6:00 P. M.

Sincerely,
Harold L. Bean

These dollars, of which 90% stay here in Maine, go to supplement the monies received from other sources so that the patients at the hospital and the children at camp will receive the finest care available.

The dates for this year's Easter Seal campaign are from March 2 to April 2. With the generous cooperation of the people in the State of Maine, the Pine Tree Society hopes to make this 25th year of service to the physically handicapped a banner year.

Each group was urged to bring their committees up to date and practice Emergency Feeding, making use of the mobile feeding unit when weather gets warmer.

Two more training classes are being planned — one in Brownfield and one in South Paris.

ELEVEN COMMUNITIES WILL BENEFIT

Extension clothing leaders are teaching basic clothing construction in eleven communities in Oxford County. Two leaders from each of these communities finished a three-day training session given by Miss Jean Spearin, Extension Clothing specialist. This is the second in a series of clothing construction projects started in the county in 1960. Clothing leaders last year were trained in the fundamentals of clothing construction including knowledge and care of the sewing machine.

Each leader agrees to teach at least six others what she has learned at the training session. Special attention in 1961 is being given to fitting. Cotton skirts were fitted and made by clothing leaders attending these classes; they, in turn, will teach women in their communities. Reference notebooks are being made by each one participating in this program.

THERE'S STILL SNOW AT SUNDAY RIVER

Sunday River Skiway still has snow in spite of the recent snow drought. The slopes are still well covered, and visitors to the area continue to enjoy good skiing with little or no wait at the lift line.

When most areas drew rain during the middle of last week, Sunday River came up with eight inches of new snow. The rain this past Saturday night failed to wipe out this gain. As a result, Sunday River continues to uphold its reputation for dependable snow cover.

County Fairs Receive \$32,847 Stipends—Next to State Highest

Maine agricultural fairs this week will get back nearly 61 cents of every dollar of the record \$187,477.66 spent for premiums during the 1960 fair season, the State Department of Agriculture reports.

State stipend checks totaling \$184,492.72 are being mailed to the 25 fairs qualifying under the State stipend law.

The regular stipend is derived from a one-half of one percent commission of pari-mutuel betting and a sum equal to two cents for each inhabitant of the state plus five per cent of the State's commission on harness racing bets. It is prorated to the fairs according to the amount spent in prizes for farming and homemaking exhibits.

The top stipend check of \$14,770.60 goes to Skowhegan State Fair to apply against a record premium expenditure of \$24,286.00.

Second largest payment will go to the West Oxford Agricultural Society, operators of Fryeburg Fair. The Society will receive \$10,393.57 against \$17,087.23 in premiums.

Ranking third in the State is the Oxford County Agricultural Society, whose Oxford County Fair paid premiums totaling \$13,745.78. Their stipend is \$8,360.10. These fairs also receive the facilities improvement stipend of \$7,047.

The Bethel Jaycee Wives will meet Tuesday evening, March 7, at 8 o'clock at the home of Mrs. Lawrence Davis, who will be assisted by Mrs. Stanley Merrill.

Read Matthew 26:36-46
"My Father, if it be possible, let this cup pass from me; nevertheless, not as I will, but as thou wilt." (Matthew 26:39, RSV.)

In anguish because He was shortly to be betrayed, persecuted, and put to death, Jesus was still positive of God's love. His surrender to the Father's will made the way clear for the resurrection and eternal life.

Because God loves us, we know we can trust Him. However, it is not easy to pray, "Thy will be done." Submission to God's will is difficult. We may never divine will in the-ory, but too often we steadfastly hold on to our own will in reality.

Because we know that the will of God is always best, we need to dedicate ourselves in

self-surrender to reap the rewards of sincere faith.

We prove our faith when we ask for God's will to be done. We open the way for greater good to pass into our lives as God wills it for us. In Him we have growth, fulfillment, perfection.

PRAYER: Our Father, it is hard for us to accept and practice letting Thy will be done. We pray for Thy spirit to strengthen us that we may conquer ourselves. Let Thy will be in us and manifested through us. In the name of Christ, our Saviour, Amen.

COUNTRY FLAVOR

SATURDAY NIGHT TRADING

Time was when Saturday evening was the highlight of the week. Farm families did the chores early, ate supper, and readied for the trip to town. Eggs and butter were packed in firkins; a bushel of hand-some Northern Spies and a bushel of smooth Irish Cobbler went under the pump's seats.

Sleigh bells jingled as fast riders whisked along country roads and runners squeaked on the hard-packed snow. In front of the General Store, Belle was snugly blanketed and the whole family trooped in. Mother bartered the farm produce for needed groceries. Father looked over the hardware counter and talked with the men around the big, pot-bellied iron stove.

Women folks gathered by the notions counter and discussed percales and gingham, laces,

hair ribbons and apron material. A lad with a whole nickel pondered possible purchases in front of the curved glass candy counter.

Saturday night was trading night, but it was much more than that half a century ago. The General Store was a part of the town's social life. Men and women from farms had a chance to get the news and gossip; plans were made for socials and town suppers. And if a family was in trouble, quiet-voiced men made arrangements for a chopping bee or a schedule for caring for a neighbor's stock.

Life ran at a slower tempo, and by today's standards was old-fashioned. But in the days of country living, some of the foundations were laid that have helped a great nation toward its destined stature.

LETTERS TO THE EDITOR...

To the Editor
Bethel Citizen
Bethel, Maine

I recently attended a meeting of the Budget Committee which also was attended by the School Board, Board of Selectmen and one other interested citizen.

At this meeting, members of the Budget Committee and Board of Selectmen endeavored to ascertain two things relative to school affairs:

1. Why such an important item of expense as teachers' salaries was omitted from the Dept. of Schools report to the Town.

2. What minimum and maximum salary increases were anticipated for the coming year.

In answer to the first question, the Supt. of Schools stated that this item was omitted because it was asking too much of the secretary to compile this information.

I would like to say here that the required W-2 forms were issued to all town employees very early in January and no particular amount of work was required to present this information to the Town. It would appear then that this information was purposely left out of his report.

In reply to inquiries on the second item, one person attending contended that teacher salaries and increases were a private matter between employer and employee. With this statement I must agree and, as in this case, the tax-payer is the employer and I submit that he has every right to know in detail what his tax dollar is being spent for.

Another person attending this meeting indicated that it was much easier to operate if the public did not know too much about what they (the School Board) were doing, so no detailed information was being given out.

In reply to my observation

Editor, Bethel Citizen
Bethel, Maine

Due to the considerable doubt and questions in the minds of the taxpayers in regard to the "Right to Know Law" it is felt that the following information, as received from the office of the Attorney General, is quoted for the benefit of all concerned.

"It is our opinion that the voters of a town do have the right to know the salary schedule of their own public school teachers. The authority for this ruling is contained in Chapter 1, Section 37 through 41, and Chapter 90-A, Section 40, Subsection VII, Revised Statutes of 1954. Under sections cited all municipal records including disbursements to employees are public records open to the inspection of the voters of the town during the usual business hours and the records of Meetings of Public committees, such as a school committee, are open to public inspection."

Respectfully submitted,
Richard E. Thompson

and dictatorial thinking, I would suggest to this group that, as elected representatives of the Town to manage school affairs, it is not within their province to decide how much or how little they will report out it is their duty to report all current and anticipated expenses which may in any way affect the tax payer.

In conclusion, let me say that the above is neither in criticism of current teachers' salaries, nor in objection to salary increases in keeping with our economy but is in serious protest against any attempt by anyone who would presume to impose on the tax payers' right to know.

Very truly,
Harlan L. Newton

In the business meeting we first discussed our grade group dances under new business. We are postponing the dance for the seventh and eighth grades this coming Friday, March 3 because the Annual Quarterly Conference is being held in the church that night, and we are going to attend as a group.

Under new business we discussed the Easter Sunrise service and elected committees for it. We're getting an early start this year.

IMPROVEMENT LOANS FOR REAL ESTATE AVAILABLE

The Oxford County Farmers Home Administration Committee met last Wednesday, February 15, for their monthly meeting at South Paris according to Elwyn R. Morrow, County Supervisor, Millard Otto, State Director for the Farmers Administration from Bangor, Maine and Sheldon Ward of Augusta met with the following committee: Harold Shaw, Jr.; Ervillg Fernald, and Edward Kahkonen.

Mr. Otto indicated to the group that sufficient funds were available for loans for real estate improvements, for new construction and for new water supplies. These construction funds are limited to farm families who are not eligible for loans from other sources.

Loans of this type are at 4% interest and are repaid according to ability of the farm-

er to pay up to a maximum of 33 years.

At the committee meeting operating loan applications were reviewed for the use of funds to purchase feed, machinery and livestock. Several real estate loans were reviewed for the purpose of buying farms, and for replacing inadequate broiler houses.

The following poem was written by Rev. Richard M. Hamilton in memory of Leslie E. Davis and read by him at Mr. Davis' funeral service at February 21.

A JOURNEY OF LIFE

Life to him was good,
And he was good to life;
Doing all he could
And standing up to strife.

No task to him was large,
No job was quite too small,
Within his heart he took each charge,
And had compassion and concern for all.

He met each with a smile,
A nod of head, a wave of hand,
He'd stop and talk a little while,
—Friends to him were grand.

He loved nature and the woods
So much that it became his work,
He took life's virtues and its goods,
And made from them his eternal mark.

He loved God's music and the church,
Sunday within her walls he'd be,
With faith and hope and love his search

The following poem was written by Rev. Richard M. Hamilton in memory of Leslie E. Davis and read by him at Mr. Davis' funeral service at February 21.

A JOURNEY OF LIFE

Life to him was good,
And he was good to life;
Doing all he could
And standing up to strife.

No task to him was large,
No job was quite too small,
Within his heart he took each charge,
And had compassion and concern for all.

He met each with a smile,
A nod of head, a wave of hand,
He'd stop and talk a little while,
—Friends to him were grand.

He loved nature and the woods
So much that it became his work,
He took life's virtues and its goods,
And made from them his eternal mark.

He loved God's music and the church,
Sunday within her walls he'd be,
With faith and hope and love his search
Made him a faithful member, a loyal trustee.

O God, we thank thee for men like him,
For examples of love and goodwill,
For kindness that fills our cup to its rim,
